

# Wikipedia Visiting Scholars agreement

This form raises important questions to discuss and document when an institution begins working with a Visiting Scholar. It is not meant to be a formal contract, but as a way to ensure important elements of the relationship are discussed, documented, and shared with Wiki Education. It's most effective when the institutional sponsor and Visiting Scholar review it together. Once completed to mutual satisfaction, please send a copy to [visitingscholars@wikiedu.org](mailto:visitingscholars@wikiedu.org)

Before filling out this form, please visit the URL below for additional information about each of the questions.
